

# QUESTIONNAIRE: PRINCIPLES DIAGRAM

1 – The principles diagram for the prosthesis includes three views. Indicate on the diagram below the name of each of these views.

2 – Which of these views seems to you to be the easiest to understand?

\_\_\_\_\_

3 – Identify these four parts of the technical object by means of colours.

- Red for the frame
- Yellow for the fork
- Green for the articulated link
- Orange for the butts
